The Inside of the Church

Catholic churches come in many different styles and sizes. Some have a much more modern look and don't resemble the churches of old at all. As architectural styles have changed, so have church buildings. But all Catholic churches share some common elements. Catholic churches have a **narthex**. This is the entry area, like a foyer. Often the priest will greet parishioners after Mass in the narthex. From the narthex you enter the main worship space, which consists of the nave and the sanctuary. The **nave** is the main body of the church. This is where the people attending Mass sit, stand, and kneel. The word nave comes from the Latin word for **ship**. Early churches often resembled a ship, reminiscent of St. Peter's boat, from which Christ sometimes taught. The **sanctuary** is the other part of the church, where the altar is. The word itself means **holy place** and this is where most of the rites of the Mass take place. The important thing to remember is that no matter what the building looks like, **Jesus is present at every Mass.**

If you need a copy of your 2023 contribution statement, **please email your request** to the parish office or **leave a phone message.**
